Projects

SAHYOG – Smart Donation Platform
Team Project | Role: Full-Stack Developer |
PHP, MySQL, Bootstrap, PHPMailer

Git Repo- github.com/SRDash2003/sahyog

- Built a web platform connecting donors and NGOs for verified item donations.
- Implemented role-based login (Donor, Receiver, Admin) with session handling.
- Enabled ID/NGO document uploads with admin approval for registration.

- Developed dashboards to manage posts, requests, and donation stats.
- Integrated PHPMailer for OTPs, password resets, and notifications.
- Visualized donation trends with Chart.js; managed data with MySQL.
- Designed end-to-end request workflow from receiver to admin to donor.

Additional Skills

- Strong communication & teamwork
- Project coordination and time management
- Problem-solving and analytical thinking
- Leadership: Successfully led a 5-member development team during SAHYOG

Achievements

- Special jury's choice award | 35th State Level Music competition & General Conference | Sangeeta Saadhanashrama, Jaipur | June, 2023
- Led the school chorus group in swachhata song competition resulting in first position. | 2020 | KIIT auditorium, BBSR
